

FROST FIGHTER

Ketek's Frost Fighters provide clean heated air, free from moisture and contaminated fumes. Quick connect ducts attach to the front cap outlets and enable the operator to disburse the heated air over a large area, with an optional remote thermostat control for maintaining desired temperature levels.

The Frost Fighter is portable and simple to operate – all parts have easy access for quick service and routine maintenance.

HEATING

Features:

- Clean burning flame retention burner
- Vented burning for safe use in confined areas
- Independent fan and combustion air feeds ensure quick winter starts
- No heated air led off for combustion or lost up the flue
- 350,000 BTU's and 500,000 BTU's
- Designed for extreme cold operations with Ketek's proprietary arctic package
- Diesel
- 110 V 20 amp

Dimensions:

- L 1.78 m (5' 10")
- W 0.89 m (2' 11")
- H 1.32 m (4' 3")
- Weight 181 kg (400 lbs)
